Uninstalling extension

First of all, **back up your store database and web directory**. It is wise to perform this procedure before any uninstallation.

1. To uninstall, please log in to your **Magento Admin Panel**.
2. Go to **System → Magento Connect → Magento Connect Manager** and log in to Magento Connect Manager with administrator credentials.
3. Locate the extension you are uninstalling in the **Magento Existing Extensions** section
4. Select **Uninstall** in the column **Actions**.
5. Click on **Commit Changes** and for the extension to be successfully removed.
6. Return to website back end.
7. Go to **System → Cache Management** and click **Flush Magento Cache** button.
8. For remove data from database, execute these SQL-queries via phpMyAdmin (**please note: all your data entered for this extension will be lost**):

```
-- add table prefix if you have one
DELETE FROM core_resource WHERE code = 'ave_reviewimages_setup';
DELETE FROM core_config_data WHERE path like 'ave_reviewimages/%';
ALTER TABLE review_detail DROP COLUMN ave_image_1, DROP COLUMN ave_image_2, DROP COLUMN
ave_image_3, DROP COLUMN ave_image_1_label, DROP COLUMN ave_image_2_label, DROP COLUMN
ave_image_3_label;
-- Note that the last command (#3) can depend on you Product Review with Images module version
(not all columns are present in your database)
```
